

# Wired A/V Transmission (Sound Booth to Nurseries Only)

Ethernet Cable (CAT 6)  
Must run two cables in parallel  
between sender and receiver

- ### Parts
-  (1) Sabrent HDMI-to-Ethernet Converter
  -  (1) Portta 1-in-2-out HDMI Splitter
  -  (1) Fifty foot HDMI Cable
  -  (3) Short HDMI Cables

### Assumptions:

- HDMI degrades over long distances, so Ethernet is needed between SB and Near Nursery
- Both LCD TVs have HDMI inputs
- LCD Projector has HDMI input

Estimated Costs (Amazon): \$92.80 (tax/ship incl.)
